

**TADS<sup>®</sup>**

# Portfolio Roadmap

Spring 2025

# Student Lifecycle

**Product Vision:** Deliver a robust Admissions, Enrollment, and Tuition Management solution that seamlessly integrates with our Educate Student Information Management System, providing a comprehensive solution to Diocesan, smaller independent, and other faith-based schools.

Features/ Highlights	Customer Value	Spring	Summer	Fall	Winter
<b>Improve user experience for schools and families</b>					
UI Modernization – Family Portal	Improve family user experience by making the interface more intuitive, visually appealing, and easier to navigate.				
Selected Feature Upgrades	Enhances system functionality and user experience by introducing targeted improvements and new capabilities for evolving user needs				
<b>Enable seamless integration with other products</b>					
SSO with Google	Enables seamless, quick and secure login for users with google accounts				
TADS & Educate Integration Enhancements	improves data accuracy and synchronization, ensuring seamless information flow between systems				
<b>Enhance user satisfaction for both schools and families</b>					
ACH Verification	Enhances payment security and accuracy, minimizing errors and reducing payment delays				
Infrastructure Updates	Enhances system performance, reduces long-term costs, and boosts development efficiency
