

TADS[®]

Product Release Notes

April 30, 2025

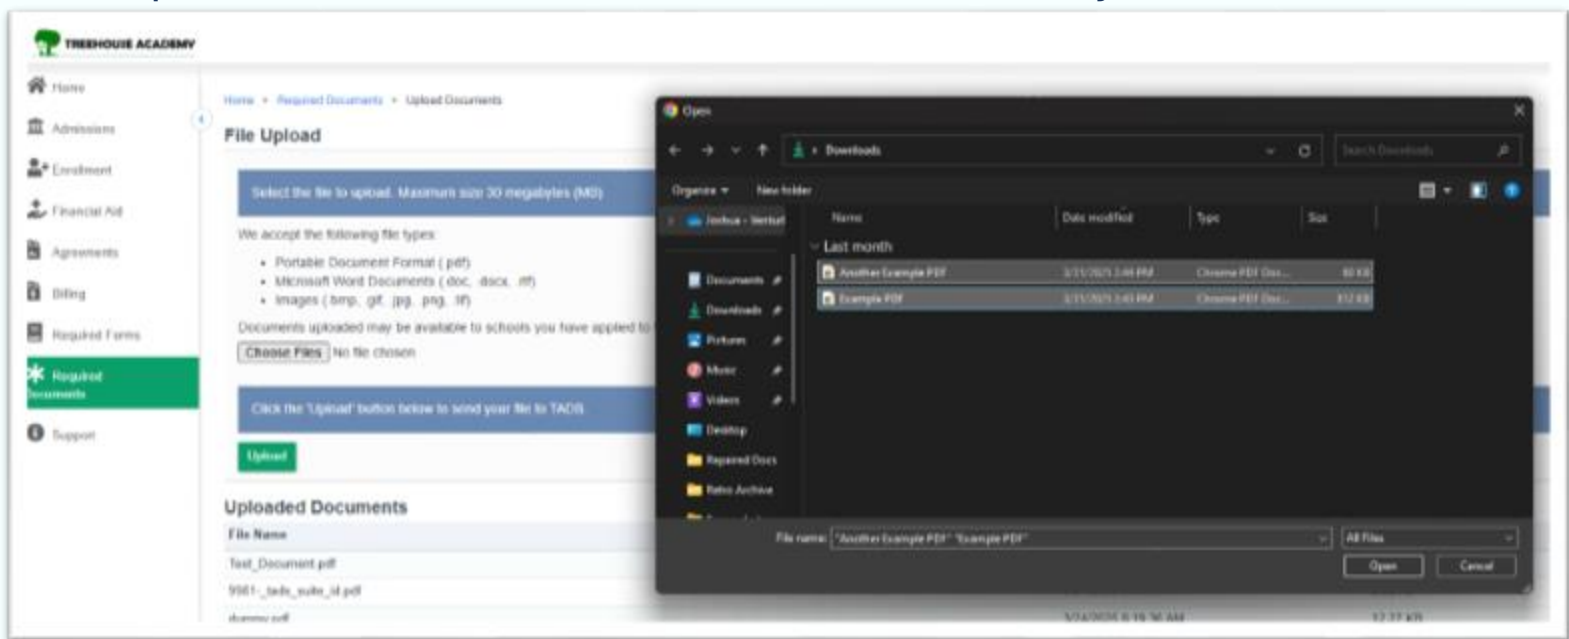

MN v10.8.0

1. Financial Aid Updates

Submit multiple documents simultaneously

- ✦ Users can now select multiple files simultaneously when uploading financial aid document requirements.
- ✦ This will upload each individual file normally, but without having to select and upload each one separately.
- ✦ **Important:** Admissions and Enrollment document requirements do NOT support this style of upload. This is to encourage parents to use the requirement specific upload options for each document to sort automatically.

- ✦ Users will also see improved entry and validation for Phone Number formatted supplemental questions on the Financial Aid Application. Hyphens should appear automatically, and users should see better results when copying and pasting phone numbers from external sources.

2. Tuition Agreements Updates

Improved Default Settings when Completing Tuition Agreements

- ✦ Users will see improved default selection behavior when completing Tuition Agreements. The following fields will now automatically select the response when there is only one option available:
Payment Plan, Payment Plan Discount, Payment Day, and Payment Method
- ✦ These changes should reduce the numbers of clicks needed to complete an agreement and make it more difficult for users to miss required fields.

Tuition Payment Plan

Select	Description	Payment Day	Annual TADS Fee	School Fee
<input checked="" type="radio"/>	Two Installments This payment plan has one or more discounts available <input checked="" type="radio"/> \$100.00 discount per installment if paid by 4/30/2025 - \$13,001.00 on 8/2024 and \$11,600.00 on 2/2025	15th ▾	\$0.00	

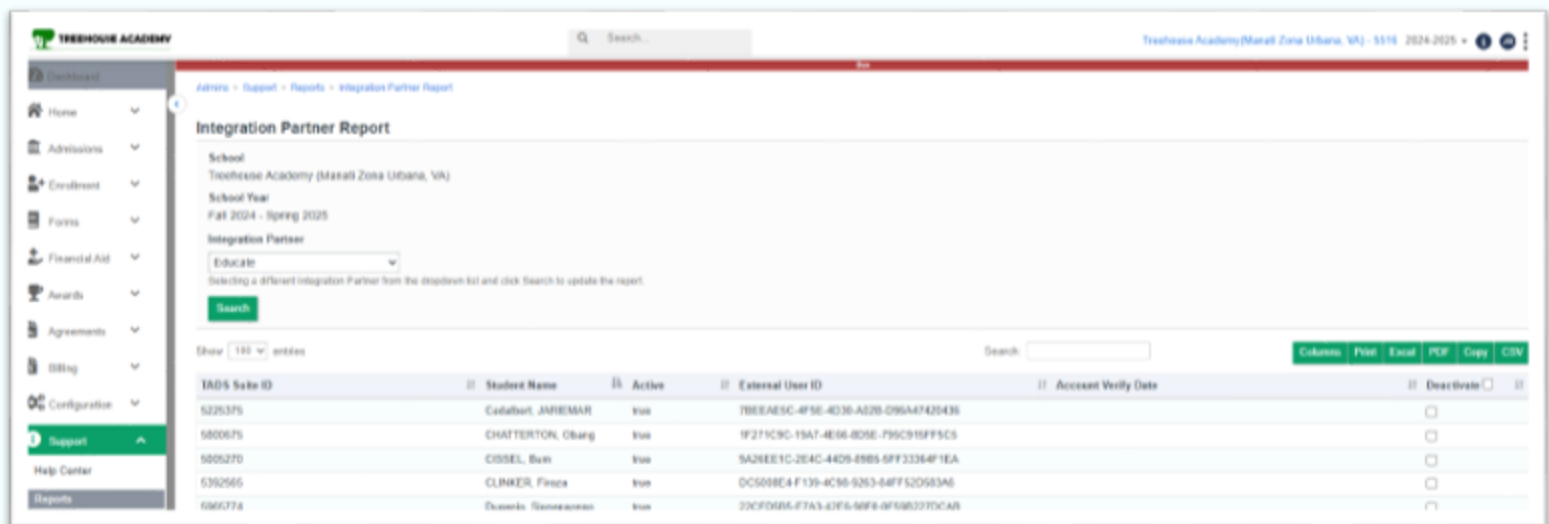

Tuition Payment Method

Select	Description
<input checked="" type="radio"/>	Automatic Bank Payments

Easily See Partnerships with Integration Partner Reports

New Integration Partner Report

- ✦ Benefit from our new Integration Partner Report to display users mapped with our various integration partners. The report also allows breaking individual user mappings. Data is limited to mapped users for the time-being, though we may expand the report as needed in the future. This is purely for internal purposes,
- ✦ Why have we added this feature? To aid our development and support staffs as they diagnose issues that arise with the integrations.

The screenshot shows the TADS Academy interface. On the left is a navigation menu with options like Home, Advisories, Enrollment, Forms, Financial Aid, Awards, Agreements, Billing, Configuration, Support, and Reports. The 'Support' menu is expanded, showing 'Help Center' and 'Reports'. The 'Reports' sub-menu is selected, leading to the 'Integration Partner Report' page. The page has a breadcrumb trail: Admin > Support > Reports > Integration Partner Report. The report title is 'Integration Partner Report'. Below the title, there are filters for School (Treehouse Academy (Marshall Zone Urbana, VA)), School Year (Fall 2024 - Spring 2025), and Integration Partner (Educate). A 'Search' button is present. Below the filters, there is a table with columns: TADS Site ID, Student Name, Active, External User ID, Account Verify Date, and Deactivate. The table contains 5 rows of data. At the bottom right of the table, there are buttons for Columns, Print, Excel, PDF, Copy, and CSV.

TADS Site ID	Student Name	Active	External User ID	Account Verify Date	Deactivate
5225375	Cadaburt, ANHEMAR	True	TBEEAESC-4F5E-4D3B-A2B8-096A67420435		<input type="checkbox"/>
5800675	CHATTERTON, Othang	True	1F271C9C-15A7-4E66-805E-F96C915FF5C5		<input type="checkbox"/>
5005270	CISSEL, Ben	True	5A2EE1C-2E4C-44D9-89B5-5FF33364F1EA		<input type="checkbox"/>
5352565	CLINKER, Finca	True	DC508E4 F 139-4C56-5263-64FF 520583A6		<input type="checkbox"/>
6065774	Dumais, Simonneanne	True	2DCFD6A6-27A3-43F6-50F6-0F10B337DCA8		<input type="checkbox"/>

Where To Find Integration Partner Reports

- ✦ Can be found under Support > Reports > Administrative Reports > Integration Partner Report
- ✦ To use the report, simply set your school and school year in the top right corner of the page, then open the report and select the partner whose mapped users you'd like to review.
